PROFILE

Experienced WordPress Developer specializing in custom WordPress websites using Elementor Pro, WooCommerce, Crocoblock (JetEngine & JetFormBuilder), and advanced plugin integrations. Skilled in responsive web design, dynamic content, custom post types, speed optimization, on-page SEO, security, bug fixing, and website maintenance. Experienced in delivering scalable, high-performance, and user-focused websites with clean design and optimized functionality.

WORK EXPERIENCE

Senior WordPress Developer Spart Tech Agency

Duration: August 2024 - August 2026

- Led the development of custom WordPress websites for clients across various industries using Elementor Pro, WooCommerce, and advanced WordPress tools. Developed responsive, high-performance websites with a strong focus on user experience, speed optimization, and SEO best practices. Customized themes and plugins, integrated third-party services, resolved complex technical issues, and managed website migration, security, and maintenance. Collaborated closely with designers, project managers, and clients to ensure projects were delivered on time and met business requirements while maintaining high standards of quality and performance.

WordPress Developer Frontiar Labs

August 2023 - August 2024

- Developed, customized, and maintained responsive WordPress websites using Elementor, Elementor Pro, and WooCommerce. Worked on theme customization, plugin integration, landing page development, website optimization, bug fixing, and performance improvements. Collaborated with designers and developers to deliver high-quality, user-friendly websites while ensuring responsive design, SEO best practices, and timely project delivery.
